Who we are:

R&D Business Solutions, LLC delivers business development and funding services for emergent technologies. We specialize in high-risk, innovative business ventures and increase chances of success by providing critical information from product concept to securing capital. We provide critical information for your business venture. Whether you're a start-up company with a promising new technology or established firm trying to expand your product pipeline, our consulting services are designed to help you develop a game plan for success.

R&D Business Solutions' business development services are designed to help you create a viable project plan and give you a competitive advantage by meeting funding requirements and needs. R&D Business Solutions' is dedicated to helping start-up and established technology-based firms secure funding. We have helped several San Diego biotech firms and research institutions secure funding through grants. Established in 1999, R&D Business Solutions is privately held with a principle place of business in San Diego.

Our Business Development and Grant Consulting Services include:

- Project Planning
- Grant Search
- Proposal Development
